

Anyone can get Weedbusting!

Waiheke Weedbusters

Weedy garden plants are escaping into natural areas, crowding out our native species and destroying ecosystems. You can help stop this invasion!

Bust weeds in your **OWN BACKYARD:**

Find out what's weedy in your area, and replace any of these problem plants with non-weedy alternatives.

Weed-proof your **NEIGHBOURHOOD:**

Talk to your friends, family, neighbours and workmates about the weedbusting you are doing in your own backyard, and encourage them to do the same.

Get weedbusting in your **COMMUNITY:**

Join in efforts to bust weeds in local reserves, parks, gullies and other natural areas.

Any help you can give will make a big difference!
